OUTDOOR RATED CABINETS

PM Power Products, LLC. introduces the **FME-IP66-12U/600 TC and FME-IP66-12U/600 RM** floor standing network cabinet especially designed for outdoor environments. The nineteen inch, EIA standard IP66 cabinet is supplied in a white finish along with an adjustable mounting depth of 24 Inch (600 mm). The white finish reduces heat build-up while thermostatically controlled fans support active heat management.

Remote temperature monitoring and access control with power reset support is available with model **FME-IP66-12U/600 RM.** Connected via cellular, the FM-IP66-12U/600 RM provides temperature monitoring, remote reset, and door release as well as notifications by SMS, email or phone call when used in conjunction with the PM Power Products StaffAlerter.

The floor-standing IP66 rated network cabinet has a front door with a 3-point locking system and replaceable filters. The 12U outdoor cabinet includes front-mounted vertical cable management rings on both sides of the cabinet providing lockable access for security or controlled access to equipment. The cabinet door can be controlled by StaffAlerter with a remote door release choice. Remote A/C power reset feature is also available.

The 24 Inch (600 mm) outdoor network cabinet has round cable glands with removable rubber covers on the base where fan trays are located. Based on different protection grades, the **FME-IP66-12U/600 TC** outdoor network cabinet is supplied with ventilation fins and covers. This 12U IP66 cabinet supports equipment like network switches and servers while supporting standard IP66 temperature range.

Internal Fan Assembly

Features:

- HEAVY-DUTY CONSTRUCTION: The outdoor network cabinet construction is durable 14 Gauge cold-rolled steel with a white finish.
- COOLING SYSTEM: This cabinet has 120VAC 10A fans with temperature control that allow airflow to help limit network slowdowns due to prevent overheating.
- VERSATILE DEPTH: Adjustable depth of 19.28 inch to 5.9 inch compatible for a greater variety of server and switch depths
- HARDWARE INCLUDED:4 x M12 Mounting Bolts; 12 x M6 Screws;12 x M6 Cage Nuts; 12 x M6 Washers;2 x Pairs of Keys
- EASY INSTALLATION: Comes pre-assembled for fast and simple installation.
- Applications: Outdoor data equipment, telecom gear mounting
